

# 2019 Field Request & Allocation Packet

Included you will find the paperwork necessary to reserve City athletic fields for 2019. Thank you in advance for taking the time to complete the annual paperwork. It is important for the Recreation Department to have this updated paperwork on file so that we may have a better understanding of your needs as well as current contact information. In addition to the Organization Information Form and the Athletic Facility User Request Form, it is required that we have a current copy of your Certificate of Insurance that names the City of Lincoln as “additionally insured” or the “certificate holder”. If your policy has already expired or will expire at the beginning of 2019, please make sure a current certificate is received in our office ASAP. For non-resident organizations and/or organizations with less than 100 participants, it will also be necessary to include with your paperwork a current roster of participants. A template for how it should be submitted and the information required is included. Or simply complete the roster provided. The rosters will be verified with various national governing bodies and used to verify residency percentages in order to determine allocation priorities and rental fees.

**NOTE:** All requested documents and forms must be current and on file and fees up to date before any field use by your organization will be approved and scheduled in the facility calendar for 2019.

## Forms

**Organization Information Form:** We ask that you take this time to update your organization information with us by completing the attached Organization Information Form. The information you provide will help us pass on correct information regarding your organization to the public and will also help us when we need to contact you ourselves.

**Athletic Facility User Request Form:** Please complete the attached Athletic Facility User Request Form. This form needs to include the date your organization will begin using fields for practices and/or games and the date your need for fields will end. Please complete one form for each facility your organization is requesting use of. If your organization runs a program during more than one season, please list the start and end dates for both by using both the “Season 1” and Season 2” sections of the form. This will allow us to schedule field time to other organizations during your organizations down time and will maximize each facilities use. In addition to start and end dates, we ask that you give us your preferences for days. This can be done by placing a 1 – 7 inside or above each day of the week box. We will do our best to accommodate all the needs of your organization, but we do appreciate your flexibility as the demand for fields is very high.

If your organization needs use of a field on an unscheduled day after schedules have been distributed, please complete a separate Athletic Facility User Request Form for each event at each facility you are requesting use of. Please use the attached form as your original and make copies as needed. Because most days and times will already be scheduled, it may be best to contact me in advance to check availability. To avoid any confusion, we will only accept requests from one or two authorized individuals in each organization as listed on the Organization Information Form.

Organizations with over 100 participants, such as Lincoln Little League, Lincoln Girls Softball Association, Lincoln Youth Soccer Club and Lincoln Youth Football & Cheer, may be required to provide a roster of league participants that lists all participant names and addresses. If requested, this information will be used to determine the residency percentage and participation numbers of your organization for payment of the field use fee of \$10 per player.

Organizations with less than 100 participants must provide a roster that includes the following: name of the participant, guardian name, home address, home phone number, and school. A template of how this should look is included for your convenience.

Organizations/teams who fail to submit the required information will be placed at the bottom of the priority list and charged the full rental rates until the information is received and a residency percentage can be determined.

# **Athletic Field Inclement Weather Policy**

City athletic fields have been designed and are maintained for the enjoyment and use of Lincoln residents. The purpose of this policy is to guide the use of City athletic fields, to prevent injuries and damage to the playing surface brought upon by inclement weather and/or unsafe playing conditions. An effective field maintenance program is essential for safe, quality fields and sport complexes. User groups are asked to help us by accepting and adhering to these rules. Groups who use the City athletic facilities are expected to assist in protecting their participants and fields during periods of rain or inclement weather.

## **Policy**

The City of Lincoln reserves the right to cancel or suspend field use permits when field conditions could result in injury to players or cause damage to the fields. Permits may also be cancelled when the health and safety of participants are threatened due to impending conditions, including but not limited to, heavy rains, smog alerts or pesticide application.

## **Procedure for Determining Field Playability & Informing the Public**

When there is inclement weather on a normal business day, the City's recreation and/or parks maintenance staff will assess the playability of all city owned fields to determine field playability. The designated City representative shall have the authority to close any/all fields within the City of Lincoln and these decisions are not negotiable. If a field closure can be determined by 3pm, then City staff will notify affected user groups of field closures via email. If status cannot be determined before 3pm or if it's not a normal business day, then fields shall be inspected by the user group at time of use to determine playability. In this case, the user group must employ the playability criteria used by City staff.

Abuse/use during wet conditions shall result in a minimum \$250.00 fine upon the first occurrence and a minimum \$500.00 fine for the second infraction. Fines may be higher if the cost of repairs exceeds the minimum fine amount. A third infraction in a calendar year will result in the loss of all field rental/allocation privileges. It is the responsibility of each user groups to ensure that all coaches/parents understand and enforce this policy.
